Public Produce Garden Newsletter June 15, 2015

Happy Monday! Hope everyone had a great weekend and had a chance to enjoy some delicious fresh food! Rhubarb, radish, herbs, greens, and a few strawberries are ready for harvest in the garden.

We are just finishing the recipe list for the “We Love Rhubarb Kitchen Workshop” happening this Tuesday in Kimberley and Thursday in Cranbrook from 6:30 to 8:30pm. We will be making rhubarb soda, chutney, candy, cake and there’s bound to be a few surprises. It’s going to be scrumptious evening with lots of tasting and some to take home, there are still a few spots left. You can register at <https://secure.wildsight.ca/civcrm/event/info?id=86&reset=1>. Cost is \$20 for Wildsight members \$25 for non-members. If price is a barrier please let us know as we have volunteer bursaries.

At the garden, the new compost bin is in its permanent home. Please bring your non-dairy, non-meat kitchen waste to the garden so we can turn it into black gold! The smaller the pieces the better it will breakdown, so if you can, please chop it up.

The berry patch is getting overgrown and grassy so we are having a work bee this Sunday (June 21<sup>st</sup>) to take care of it. We will be there from 3 to 5; finish off your weekend with this feel-good activity and put some time in at the garden.
